EXPERTISE

I am an Assistant Professor of Communication looking for remote/part-time opportunities to help organizations reach their true potential while maximizing revenue, people, and profit. I have a wealth of experience in several sectors. As a contract consultant with myFamilyChannel (now [Odessa Connect](#)), I oversaw daily operations and was the project manager on product launch, assisted with sales and marketing, and onboarded/trained new employees. With Forecast5 Analytics (now [Frontline Education](#)) I assisted with the integration of a new client-facing learning management system and consulted on business plan development and strategic planning for customer application. During my time with [Hamilton Industrial Knife](#) I spearheaded digital marketing efforts and as a consultant/instructor coach with the [Florida Realtors Association](#) I coached continuing education instructors on student-engagement strategies.

As a corporate trainer, I have worked with representatives from over 100 organizations to develop and facilitate training on a host of topics including communication, leadership, generational differences, learning and development, talent optimization, and more. These are only a few of my experiences. Please visit my [LinkedIn Profile](#) and [Website](#) for more information and additional clients/testimonials.
